

TLC PRACTICUM: *Weekly Squadron Meeting Schedule*

MEETING #1

[illegible]

QUALITY CHECK: *Meetings 1-4*

1. Schedules ensure cadets fulfill basic requirements. Every 30-days, cadets have opportunities to test, attend a moral leadership forum, and participate in a safety briefing.
2. Cadet staff is involved in planning and/or conducting many of the training events, with senior member guidance.
3. The schedule is specific enough so that little details are not overlooked (ie: see the formations and administrative sections of the sample meeting schedule).
4. Weekly meetings build on one another. There is continuity in the activities.
5. The meeting offers something for everyone. Not all events are geared toward new cadets or experienced cadets.
